U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On March 28, 1976
- Export shipments in
Current Marketing Year
- Daily Sales reported
March 29 -
April 6, 1976
-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY FOREIGN AGRICULTURAL SERVICE, USDA

EXPORT SALES REPORT

Comments on release of April 8, 1976 (based on reports from exporters during the week ending March 28, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 advanced by 287,200 metric tons (MT), bringing this year's total commitment to 29.9 million MT. Some of the larger increases in commitments were to the European Community (EC), 60,600 MT; the Republic of Korea, 69,200 MT; Japan, 45,200 MT; and unknown destinations, 180,500 MT. These increases in commitments were somewhat offset by a decline in commitments to East Germany of 137,700 MT, which were the result of contract cancellations. East Germany's total commitment now stands at 1.0 million MT.

Outstanding sales of wheat for shipment during the year beginning July 1, 1976, now stand at 1.6 million MT, compared with 3.0 million MT for the corresponding period a year ago. Outstanding sales to India for the next marketing year total 1.2 million MT, about equal to their commitment at this time last year. India's wheat import policy in 1976/77 appears to be one of continued replenishment of stocks which have been depleted during the past several years.

Feedgrains: The apparent export commitment for feedgrains in 1975/76 increased by 461,400 MT, bringing this year's total commitment to 34.3 million MT. Total corn commitments rose by 393,700 MT, of which 99,800 MT were increased commitments to the USSR (these largely reflect transfers from optional origin rather than new purchases by USSR authorities). New sales were largely responsible for the increases in commitments to Japan of 132,600 MT and to Poland of 86,800 MT. This week's increased commitments to Japan and Poland have pushed total commitments to those destinations to 4.4 million MT and 1.5 million MT, respectively. The increases in commitments were somewhat offset by declines in commitments to East Germany of 36,800 MT and to unknown destinations of 64,500 MT. Sorghum commitments advanced by 66,100 MT to total 4.4 million MT for the year. Increased sorghum commitments to the Netherlands represented over 80 percent of this week's total increase. The U.S. sorghum commitment to the Netherlands for 1975/76 now totals 347,300 MT, almost double the commitment at this time last year.

Outstanding sales of corn for 1976/77 shipment now stand at 1.1 million MT, compared with 1.8 million MT a year ago at this time.

Rice: The apparent export commitment increased by 28,000 MT, bringing the total for 1975/76 to 1.2 million MT. New sales to the Dominican Republic of 12,000 MT represented the week's single major increase in commitments.

Soybeans: This week's increase of 116,500 MT in the apparent export commitment for 1975/76 was the smallest since the first week of January. Commitments to the EC increased only 79,900 MT, reflecting reduced trade interest following active buying the previous week when commitments to the EC increased by 264,700 MT. Exports during the week totaled 290,600 MT, primarily to the EC, 130,000 MT; Spain, 56,900 MT; Japan, 53,300 MT; Israel, 25,000 MT; and the USSR, 24,900 MT.

Japanese importers and Brazilian officials have reportedly signed a letter of intent calling for the export of 600,000 MT of Brazilian soybeans to Japan. As yet, no delivery period has been specified in reports.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 increased by 63,700 MT, reflecting increased commitments to the EC, Hungary, Spain, and Poland. Commitments to unknown destinations declined by 37,100 MT. Exports during the week totaled 118,000 MT, primarily to Italy, 21,900 MT; Hungary, 13,700 MT; Spain, 12,300 MT; East Germany, 12,100 MT; and Poland, 11,600 MT.

Soybean Oil: The apparent export commitment for 1975/76 increased by 52,900 MT, the largest single week's increase this season. The increase largely reflects increased commitments to Pakistan and Bangladesh. Exports during the week totaled 9,700 MT, primarily to Pakistan, 5,100 MT; and Panama, 3,500 MT.

Cotton: U.S. cotton had another week of brisk sales activity. This was the first week of the 1975/76 marketing year during which sales for shipment in 1976/77 exceeded those for shipment during the current year. Sales to Asia, primarily the Republic of Korea and Japan, continued to dominate the U.S. export market. However, Spain also took a significant amount. Total sales for both marketing years during the 4-week period ending March 28 were 480,000 running bales (RB), compared with 450,000 RB during the previous 4 weeks and 340,000 RB during the comparable period a year earlier.
